OK, thanks.

I just got off the phone with Mike and Darren after going through stuff for awhile. We have some initial thoughts and Mike is out tomorrow, so Darren and I are going to do some brainstorming after we get through the latest data. Hopefully we can come up with options/thoughts for IEPA consideration that you, Darren and I can discuss tomorrow ahead of the call next week with your DD. Are you available sometime around noon tomorrow?

I'll look for the report. Aqua mentioned it again today. If I cannot find it, I'll get it from Aqua.

Aqua is sending us a proposal tonight that the IEPA did not comment on during the meeting today. Once I get it in writing, I'll forward to the USEPA group. Our Deputy Director would like to have a phone call with USEPA to get some initial thoughts, maybe Monday.
